Good day

My name is MR. DAVID WILLIAMS, the son to the late MR. FREDRICK WILLIAMS. of Zimbabwe. This might come as a surprise to you with regards to how it got your email address. I found your address online while searching for a reliable person that can assist me and my mother to secure the money my late father left in a security company before his death.

During the uprising against the white farmers in Zimbabwe, the supporters of our president Mr. Robert Mugabe, claimed all the white owned farms to his party members and followers. President Robert Mugabe ordered all white farmers to surrender their farms to his party members and followers. My Father was one of the very best black farmers in our country and was in partnership with a white man. Mr. Lawrence Smith from England. He did not support Mr. Mugabe's ideas so his farm was invaded and burnt by Mugabe's supporters. Everything was burnt and my father and his partner were killed during the invasion and they made away with lots of items. Before my fathers death him and his partner deposited with one Security Company in Johannesburg, South Africa. The sum of US\$38 Millions dollars (Thirty Eight Million United States Dollars) this money was meant for the purchase of farm Land and some farming equipments/materials such as Crawler/Caterpillar Tractors, Fertilizer Spreader, Harvesters, Threshing Machines, Bulldozer for a farm that they intended to acquire in South Africa. They lodged the money in a security company to avoid it been noticed and repatriated by Mugabe's Government.

After their death I and my mother moved to South Africa where they deposited this sum with the security Company as valuables (in a treasure box). I decided to contact the foreigner, from outside the shores of South Africa or Companies that will assist my family to move the fund from here because of our present status as asylum seekers and also because South Africa and Zimbabwe have a bilateral agreement which can lead to the seizure of the fund, if we invest here in South Africa. Secondly our status has made it impossible to invest the fund or deal directly with the South Africa financial institutions. In the cause of moving the fund to any place my family has agreed to offer you 30% of the fund for your assistant, while 70% will be for me and my family to investment in your Company/ country. You can read about my country's problems on this site

Best regards
